CHRISTOPHER MARCELLUS

SOFTWARE ENGINEER

631- 707-1526 • christopherjm625@gmail.com • Coram 11727

Aspiring software engineer with hands-on experience in full-stack development and event coordination. Proficient in Python, Angular, and JavaScript, with a strong foundation in data structures and cybersecurity. Seeking to leverage technical skills and leadership experience in a challenging software engineering role.

EXPERIENCE

SEP '24 - PRESENT

Tutor/Coach | TheCoderSchool, Syosset, NY

- Provided individualized coding instruction to students , fostering problem-solving skills and programming knowledge in languages such as Python, Scratch, JavaScript, tailored to students' unique learning paces and interests.
- Guided students through hands-on projects, helping them build games, apps, and websites while teaching best practices in coding, debugging, and project management.
- Assessed students' progress and adapted teaching strategies to ensure continuous improvement and skill development, building their confidence in coding.
- Facilitated hands-on programming projects to strengthen practical software development skills.

MAY '24 - AUG '24

Intern | AlphaPrimeTech, New York, NY

- Gained hands-on experience with Python, Java, SQL, Bootstrap, AWS, Angular, HTML, contributing to data analysis and full-stack development tasks.
- Identified and addressed minor issues or bugs within the project, working towards solutions under the guidance of experienced team members.
- Implemented backend functionalities using Node.js and Express frameworks.
- Integrated RESTful APIs to enhance application features and user experience.
- Improved application performance by optimizing database queries and indexing strategies.
- Designed webpages with appropriate layouts and structure for optimal user experience.

MAY '24 - JAN '25

Lead Event Coordinator | New York Party Works, Deer Park, NY

- Led a team of 3-4 vendors, and support staff to successfully execute events ranging from corporate meetings to large-scale conferences and social gatherings.
- Acted as the main point of contact for clients, ensuring their vision was realized and expectations exceeded while maintaining open communication throughout the planning process.
- Addressed and resolved any issues that arose during events, ensuring they ran smoothly and any potential disruptions were minimized.

EDUCATION

DEC '25

Bachelor of Arts in Computer Science

Hofstra University

SKILLS

Python | C/C++ | Java | JavaScript | Next.js | React | TypeScript | Vercel | Tailwind CSS | Node.js | REST API | PostgreSQL | MongoDB | MySQL | Docker | Amazon Web Services | GitHub Actions | GitHub | Flutter/Dart | Object-oriented programming | .NET development | Machine learning

CERTIFICATIONS

Legacy JavaScript Algorithms and Data Structures, FreeCodeCamp, 07/16/24

Cyber Security, W3Schools, 08/06/24
